

CIHT NI Region – Annual General Meeting Early Notification and call for new Committee Members

Date: Monday, 30th May 2022

Time: 6.15pm

Venue: The AGM will be held via Microsoft Teams. A joining link will be included in the confirmation email following online registration from the CIHT website.

CIHT Northern Ireland Region – Annual General Meeting; Early Notification

Please note that our AGM will take place on **Monday 30th May 2022**. A more formal announcement will be made in the forthcoming weeks with details of the proposed elected office bearers and ordinary members of the committee.

Prior to this, we would welcome applications for new members of the CIHT NI Regional Committee. We currently have vacancies in a number of Officer Roles and ordinary members of the committee.

We are always looking for new committee members to keep us fresh, focused and relevant to our membership. So if you are a member of CIHT, and would like to take a proactive and voluntary role in helping run the local Northern Ireland Region please get in touch.

We look to include a broad representation from across the relevant sectors – central and local government, private sector consultancy, contractors and academia.

We would particularly welcome applications from young professionals who are either starting out in their career or who have recently become professional qualified to join our Young Professionals Group. Involvement in the committee will count towards Continuing Professional Development and can lead in the longer term to involvement in national CIHT activities.

If you are interested, and would like to find out more please get in touch with our current Chairman, Kaine Lynch at kaine.lynch@infrastructure-ni.gov.uk or tel: 07885287087.

Formal applications should be made by email to:

Roisin Wilson, CIHT NI Regional Secretary,
Email: roisin.boyle@infrastructure-ni.gov.uk,

by 4pm on Monday 16th May 2022. Applications should be supported by four regional members and signed by you the candidate to show you are willing to stand.
