

2026 Cymru Wales Awards

Bus Project of the Year Award 2026

This award recognises outstanding initiatives within the field of bus transportation that have made a significant positive impact in Wales. Initiatives can range from innovative technology implementations to strategic planning and community engagement.

Judges will be looking for entries that can demonstrate:

Innovation: The extent to which the initiative demonstrates creativity, originality, and forward-thinking in addressing challenges or improving services within the bus transportation sector.

Impact: The measurable and positive effects of the initiative on the efficiency, sustainability, and overall performance of bus services, as well as its influence on the community and stakeholders.

Collaboration: The degree of collaboration and engagement with relevant stakeholders, including government bodies, communities, and industry partners, to ensure a holistic and effective approach.

Scalability: The potential for the initiative to be replicated or expanded to other regions, showcasing its adaptability and scalability for broader impact.

Sustainability: Consideration of the environmental, social, and economic sustainability of the initiative, reflecting a commitment to long-term benefits for both the transportation system and the community.

How to enter

To enter this award please [complete your entry online](#) and provide submission, project photographs and any supporting documents on your entered project.

Please ensure that you have read the [Important Submission Information](#) before submitting your entry. **The deadline for entries is 1700hrs on Thursday 10th September 2026.**

Shortlisted entries will be notified in October. Winners will be announced at the CIHT Cymru Wales Awards Dinner at the Kinmel Hotel in Abergele on the evening of **Friday 27th November 2026** and details published through a variety of media platforms.

The winner of this category will also be considered for the Project of the Year Award.
