Unit 4 Advice Note available

An advice note for candidates on Unit 4 Transport Modelling and Forecasting can now be downloaded from the home page of the TPP website www.tpprofessional.org. This is the first of a series of advice notes intended to help candidates interpret the TPP requirements in relation to their own knowledge and experience.

Applications for Senior Route

The Professional Standards Committee has removed the fixed application dates for Senior Route applications so those wishing to apply may do so at any time during the year. Details of the Senior Route are available on the TPP website www.tpprofessional.org

TPP is increasingly becoming recognised as the professional benchmark for transport planners and we expect to see the number of candidates growing over the coming year.

Continuing Professional Development

All TPP candidates and registrants must have an up-to-date CPD record.

For details of CPD events, go to www.ciht.org.uk/events or email info@tps.org

A review of TPP registrants' CPD records will now be held in Oct/Nov 2015. Information on the review process will appear in the September newsletter.

TPP Professional Standards Committee

The TPP Professional Standards Committee meets 4 times a year and comprises 10 members; 5 from CIHT and 5 from TPS. The Committee is responsible for overseeing the TPP assessment process, which includes auditing the process and ratifying professional review results. Results are normally issued within 8 weeks of submission.

In addition, the Committee produces candidate guidance, operates an approval system for university Masters programmes, develops marketing materials to promote the TPP qualification to employers and procurers, provides training for reviewers, assessors and mentors, and generally works to raise the status of the qualification and the transport planning profession.
